

# Newsletter - May 2019

7<sup>th</sup> May 2019

Dear Parents,

We have had a great start to our 3<sup>rd</sup> Term and the children are already engaged in so many awesome experiences indoors and outdoors. We are looking forward to another great term filled with lots of fun learning activities.

Thank you for the many ways you all contribute to the school. It is really appreciated and you help make it such a special place to be.

If you ever have any questions or need assistance in any way, please do not hesitate to contact us. We are always more than happy to help.

The children experience a range of creative play skills in school and these activities inspire their imagination, problem solving, and critical thinking skills. The children are given opportunities to explore various materials and come up with their own creative solutions...

## FOCUS ON READING

Before a child can read, they need to:

- Know what a book is
- Appreciate all books
- Remember that books can contain both words and pictures
- Understand that a book has a beginning and an end (front and back)
- Begin to recognize that reading and writing is done from left to right and top to bottom
- Understand that each printed word in a book represents a spoken word
- Learn to love and care for books they want to read
- Turn the pages of a book carefully
- Books are enjoyable
- Discover the world through books

A child's language, vocabulary and listening skills grow and improve with lots of interaction with books and stories. READ...READ...READ

### CONTACT INFORMATION

Kindly inform the school office in case of any changes in your residence or contact information (mobile numbers or email addresses). We also require additional contacts especially when we are unable to reach parents in case of an emergency.

## **QUOTE OF THE MONTH**

*"Your child will not look back on their childhood and remember how clean the how was or how much TV they watched or how many gadgets they had. They will remember how they felt when you hugged them and the bedtime stories or books you read them. They will remember the Mom who danced with them or the wonderful Dad who explored with them"*

*- Nadia Tayob (Paraphrased)*

## EXTRA CURRICULAR ACTIVITIES
